#### INTRODUCTION TO LEGISLATION TO CREATE AN INDEPENDENT CENSUS AGENCY

**HON. CAROLYN B. MALONEY**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 25, 2008*

Mrs. MALONEY of New York. Madam Speaker, today I am introducing a bill with my colleagues Mr. GONZALEZ, Mr. CLAY, Mr. HONDA, and Mr. WAXMAN to establish an independent Census agency. It is indispensable to the basic principles of democratic representation that the decennial census is seen by the American public to be completely independent and nonpartisan. Elevating the Census Bureau to the status of an independent agency is a powerful statement to the American people and their leaders that the decennial census and the other critical surveys conducted by the Census Bureau are protected, and that our Government will summon the best demographers, statisticians, scientists and managers we can find to lead this vital agency.

CELEBRATING 125TH ANNIVERSARY OF AGUDATH ACHIM, OF  
ALTOONA PENNSYLVANIA

**HON. BILL SHUSTER**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 25, 2008*

Mr. SHUSTER. Madam Speaker, it is my distinct privilege to rise today to congratulate and celebrate the congregation of Agudath Achim of Altoona, Pennsylvania, on their 125th anniversary. Agudath Achim which translates to "a union of brothers and sisters" began its long and rich history in 1883 when its members began meeting in the homes of their neighbors and fellow worshipers.

It was through this humble beginning that the men and women of Agudath Achim were able to pool their resources, their faith and their effort into the construction of their first wooden synagogue in 1895. This wooden Shule sat on the site of the congregation's second synagogue which dates back to 1925 and has served as the congregation's home ever since.

The contribution made by the Jewish people to Pennsylvania and our national heritage cannot be understated. In 1746 the first man to explore what is now Blair County and the home to Agudath Achim was a Jew named Colonel Conrad Weiser. He was followed in 1754 by Stephen Franks, founder of Frankstown, Pennsylvania. In 1778 General Daniel Roberdeau, a Jew from York, Pennsylvania and a member of the Continental Congress became aware of the presence of lead mines in central Pennsylvania. At his own expense, General Roberdeau traveled to our region and built a fort in what would one day become Altoona to begin mining and processing much-needed lead ammunition to General Washington's troops at Valley Forge.

These early pioneers were part of a larger group of hardworking and devout Jews that helped lay the foundation for the Pennsylvania we know and love today. The men and women of Agudath Achim carry with them this heritage and they have given tirelessly and
